

Sequassen Accomplishments
9/2004-08/2005

Compiled by Sequassen Maintenance Committee
Tom Young, Chairman John Burke, Vice Chairman
Pat Maxim, Vice Chairman
David Boyajian, Camp Ranger

This year, the winter was merciful and, although there was much snow at Camp Sequassen, very little, if any, damage occurred. Loomis Hall still needs to be re-roofed, and plans are in the offing either to begin it at the October '05 Work Party or have a contractors' union come and donate their time to perform the work.

Major accomplishments by the volunteers this year include doubling the size of the work area at the craft shop and building the necessary workbenches to utilize the expansion. Additionally, new rowboat docks were built, the English dining hall bathroom was gutted and remodeled, and, of course, more picnic tables were built.

I'd like to take this opportunity to congratulate the newest "made" members of the Maintenance Committee:

- Dan Cooley
- Andrea Ulery
- Tom Gordon
- Joe Anderson, Jr.
- Carl Bradley

A big thank you to all who have come up and helped out with their blood, sweat and tears to make Sequassen a better place for the boys.

September 2004

- Replaced Family Cabin doorknobs (locks).
- Repaired three windows in Cohen Lodge
- Repaired two windows in Hermits Shack
- Built doors for boat house
- Assembled two dollies for shop

Order the Arrow Ordeal
