

POWAHAY'S MISSION IMPOSSIBLE

"A Camporee in a Box" — Fall Camporee A Unit Event Due to the COVID-19 Pandemic Part 1 — Planning Guide

Dear Troop Leaders,

It continues to be a year of uncertainties as we find new ways to keep our Scouts active in our programs. Current COVID-19 Guidelines does not permit for large outdoor activities such as a camporee and remain at 100 people outdoors and 25 people indoors for public gatherings. Even if those numbers were to increase in the coming weeks, we are not sure we can maintain sanitation and other COVID-19 for large group gathering.

It is much safer at a unit level.

To play it safe and to keep our traditional Fall Camporee alive this year, we are offering a "camporee in a box" event. In the attached pages you will find camporee activities that troops can conduct as a day event or as a campout weekend from now until October 25th. Troops can make it a NIGHT camporee for a fun and exciting departure from the "standard" camporee format.

Troops will provide their own judges for scoring. We will then bring troop youth leadership together for a Zoom Super Troop Competition and closing ceremonies.

Council camps are open for camping operating at 50% of normal capacity. Troops would make their own arrangements to use council camps.

To move forward with this event, we need your cooperation:

- ◆ \$20.00 Unit Registration fee required as soon as possible at www.mycouncil.ctyankee.org/Event/681. This allows us to start a budget and gage interest.
- ◆ \$3.00 patches can be ordered up to October 15. We need 100 patches paid before we can order patches. The patch is sure be a collector item.
- ◆ Registration is set up so that you can pay for the \$20 registration fee and pay for patches or come back by October 15 to order the patches.

This contains **Part 1 Planning Guide**. **Part 2 Station Planning Addendum** will be emailed when we receive your \$20 registration fee.

Yours in Scouting,
John Hanks

MISSION: IMPOSSIBLE

Your Mission ... Should You Choose to Accept it ...

At this time, a rogue agent known as the Jackal, has stolen royal emeralds. That could create a major international incident if they are not recovered and returned to a small but wealthy kingdom. Luckily directions to where the gems were hidden have been intercepted on the internet. Your group will be entering an area that has been booby trapped by the infamous enemy agent, the Jackal... As always, should you or any of your IM Force be caught, the Secretary will disavow any knowledge of your actions.

Due to the COVID-19 guidelines with large gatherings and to keep it safe during these uncertain times, Powahay District is offering a "Camporee in a Box" for Troops to conduct camporee events either as an outdoor day event or a Troop Campout. We will then bring small troop teams to a timed (30 Minute) Zoom Tournament to determine Super Troop Award.

The Mission:

- Powahay Camporee Packet will provide **6 action stations** with instructions on how to set up, run and score.
- **Make it a NIGHT camporee** for a fun and exciting departure from the "standard" camporee format. This camporee can be run as a day or night event.
- Troops would conduct this activity as a unit from September to October. Camping arrangements for Hoyt can be made at www.ctyankee.org/camping/reserve-a-campsite-or-facility/ or by calling Carolyn Cruson at 203-951-0237.
 - Troops are responsible for making camping arrangements. This is NOT being coordinated by District. The weekend of October 23-25 reserved for the fall camporee should be available for Troops to make reservations or Troops can make arrangements for other available weekends. Camping is at 50% of normal capacity at Hoyt. Early reservations are recommended. Troops do not have to camp at Hoyt. Other camp locations are acceptable.
- Troops will arrange patrols to compete in the events.
- Each Troop will assign two or three individuals as Judges. These can be older Scouts, Adults and/or a combination of both youth and adults. Judges selected will remain impartial from the troop and score patrols on the events. A scoring sheet will be provided.
- Troops are expected to run their event following Council COVID-19 Guidelines at www.ctyankee.org/tag/coronavirus/. Please keep checking for updates.
- Add your own events to make it unique for your Troop. Consider a cooking contest, conservation project, show the movie, invite AOL Webelos, bring a buddy etc.

Troop Option Make it a night camporee!

It is a fun and exciting departure from the “standard” camporee format. This is especially important to those experienced Scouts that have been to other camporees and would enjoy something new and different.

Use Saturday day time to organize and assemble the components of an excellent program. Patrols can practice skills needed for the night event.

Under the cover of darkness, the environment takes on a mystery which creates a more exciting mood. The secrets of the night can be featured and appreciated. Things seem larger, farther, and more intriguing at night.

Earn extra points for Super Troop by adding your own events to make it unique for your Troop:

- Consider a cooking contest,
- Conservation project
- Show the Mission Impossible Movie
- Invite AOL Webelos
- Make it a “bring a buddy” event

1. Espionage Adventure — The evil agent known as the Jackal, has stolen the royal emeralds. That could create a major international incident if they are not recovered and returned to a small but wealthy kingdom. Luckily directions to where the gems were hidden have been intercepted on the internet. Your group is entering an area that has been booby trapped by the infamous enemy agent, the Jackal. The Jackal has hidden a container with the royal emeralds. There are 7 false containers that contain a poisonous gas. Once loose, it will kill everyone within seconds. If you carefully follow clues and choose the correct container you will avert international crises and probably prevent a disastrous war. Patrol members are given the directions to the hidden emeralds. Using a compass and pacing you must find your way to the treasure.

2. Blind Escape — An explosive device goes off blinding everyone except one person, he can see but is paralyzed and can’t move. He must guide his fellow agents by voice through a dangerous series of obstacles to rescue him and escape to safety. Teamwork and cooperation is your only hope for survival. The Patrol Leader must direct his blindfolded patrol through an obstacle course. This mission stresses teamwork and communications. The Patrol Leader will be tested on how clearly he can give instructions and how well he can keep his patrol together coaching them through a situation. His patrol members will be tested on how well they can understand directions, carry out instructions, support each other, and work together as a team.

3. Agent Rescue — This is a quick search & rescue event. The situation is that a plane has gone down. The pilot is a high level intelligence officer who has knowledge of covert operations that are currently underway. The patrol must act as a search & rescue team to find him and treat him for injuries if necessary. The pilot is a high level intelligence officer who has knowledge of covert operations that are currently underway. The patrol must act as a search & rescue team to find him and treat him for injuries if necessary. You must find him quickly before someone else does.

4. Laser Gauntlet – Patrols take turns being the invaders and defenders. Defenders choose two people from their patrol who are then blindfolded and stand with lasers (flashlights) ready for action. Invaders must approach quietly; they are not allowed to run. If they make a noise and are “flashed” with a laser, they’re dead and must sit down. Defenders win by killing off all invaders. Invaders win if they can tag defenders without being killed. There is a time limit for each round.

5. Opening the Vault – You are now in front of the vault door in the enemy’s lair. In order to open it you must decipher the code you found. Decipher the code and you will have the password to open the vault. Be aware, there is a time limit to solving the cipher before the chamber fills with poisonous gases.

6. Mystery Challenge – There is a final challenge to be found inside of the vault that will be critical for saving the free world. Intelligence has no clue what the challenge might be. Be aware, even though you are a spy, you are also a Scout. “Be Prepared” for anything!

POWAHAY'S MISSION IMPOSSIBLE

Fun Extra Activities

Master of Disguise

Jim Phelps is the head of a super-secret government agency, the I.M.F. (Impossible Missions Force), and is often given secret anonymous covert missions to attempt. Quite often, they are unmasking criminals or rescuing hostages. He picks his team depending on which tasks need to be done. One thing is vital on an Impossible Mission: the mission must be carried out in entire secrecy, often relying on high-tech equipment, elaborate deceptions and master of disguises.

The Leader of the wealthy kingdom is hosting an international party. Representative from many countries around the world will be attending. The rouge agent Jackal is thought to be attending this party.

Your patrol will need to disguise one of your patrols to attend this party and see if they can determine who the Jackal is without revealing that they are a spy.

Patrols can select one member to disguise to attend the party.

The Rules

- ☞ Costume must be PG rated.
- ☞ This is a craftsmanship-based contest. Store bought costumes are not eligible.
- ☞ Costume mask are not permitted, but use of wigs, hats, mustaches, makeup, fake eyebrows, and other accessories are allowed.
- ☞ To enter the contest please send a photo of the Scout before the disguise and one in disguise. Emailed to info@powahay.com by Oct. 25. A parent of the Scout and a leader must be copied in the email with the photos.

Who is the Jackal?

A rogue agent known as the Jackal, has stolen royal emeralds. No one knows for sure what the Jackal looks like. It could be a man or women.

Master of Disguise Costume Contest 1st, 2nd, 3rd Award Trophies

- ☞ Judging based on "before and after" photos emailed by November 4.
- ☞ Creativeness of the character developed for the story line.

Cooking Contest

Troops can set up their own cooking contest. Please note CYC COVID-19 guidelines... "Cooking activities should be assigned to reduce exposure to germs. Utensils should be handled by only one Scout in each patrol. Only one Scout in each patrol should handle food preparation or cooking; Scouts must wear a face mask while preparing, cooking and serving food, and must wash their hands thoroughly before and after food preparation and before and after cooking."

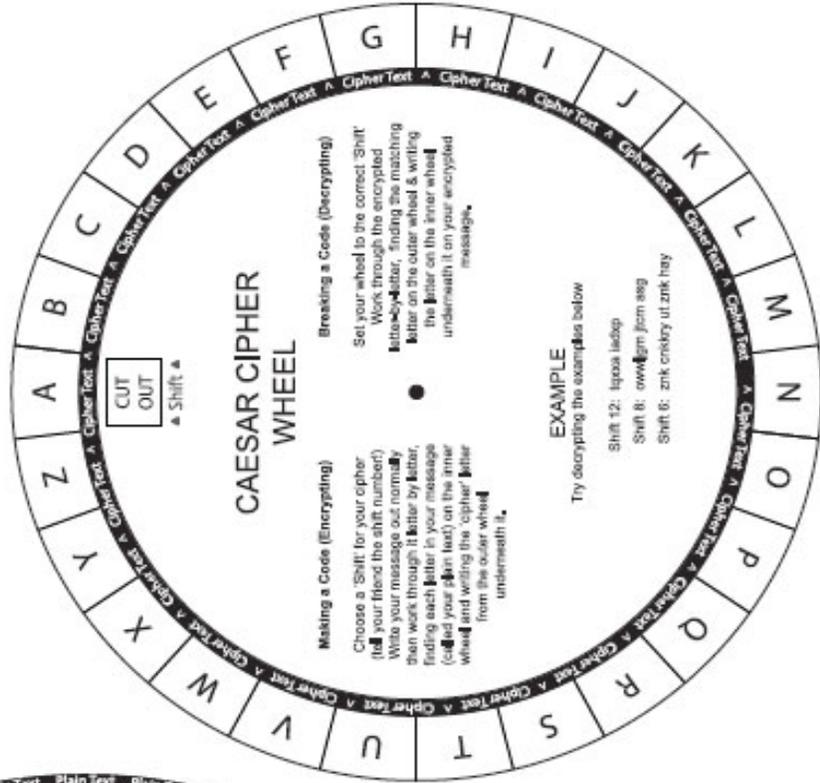

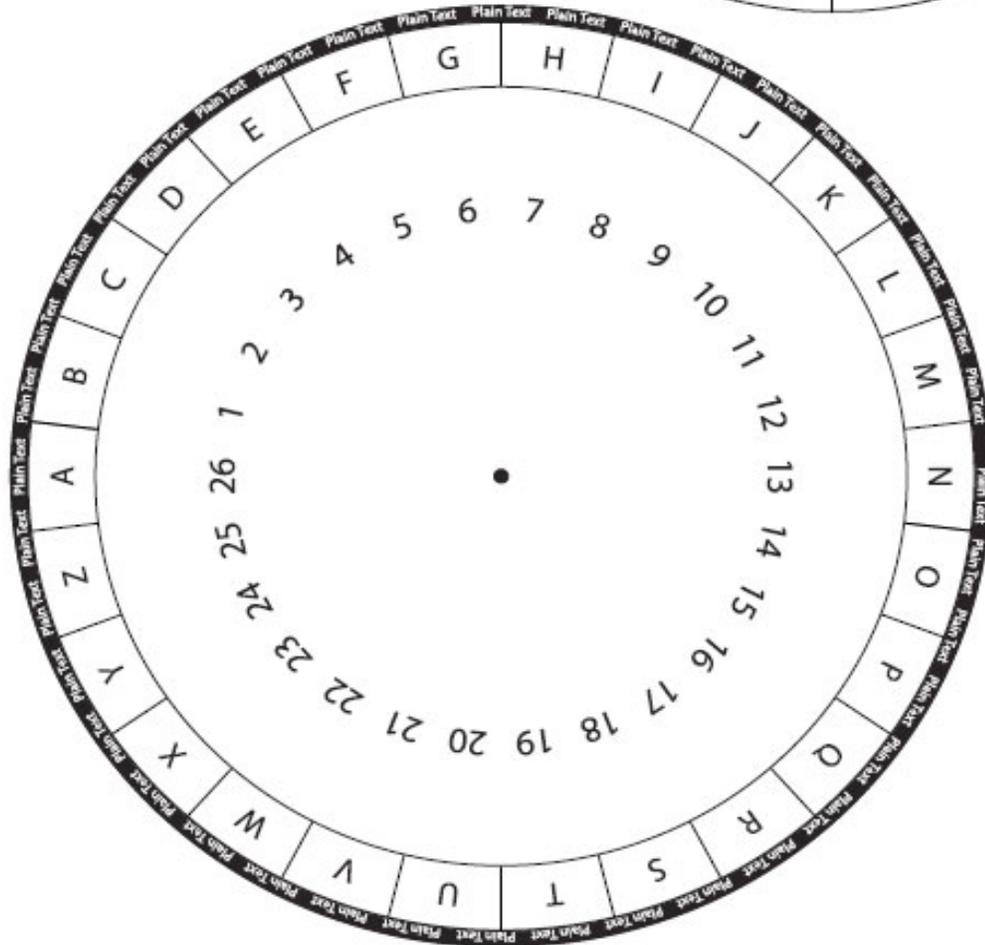

Extra points will be determined by holding the event and following the above guidelines. See Troop/Patrol Score Sheet.

CYC COVID-19 Camping Guidelines

This event can be held as a day event. Camping is not required.

The following is a summary of information from the Council COVID-19 Guidelines found at www.ctyankee.org/tag/coronavirus/. **Please continue to check this link for updates.**

The Council will operate camp properties at 50% of normal capacity. All groups must register for a specific site or facility at least 48 hours in advance so group leaders may be updated on any area closings, current Council guidance and policies and federal/state/BSA regulations and guidance. <https://www.ctyankee.org/camping/reserve-a-campsite-or-facility/>

UNIT -- PRE-ARRIVAL AND TRANSPORTATION

- ◆ Before leaving for camp, each participant should complete the BSA Model Pre-Event Medical Screening Checklist and submit to unit leadership for that activity. The Checklist should be maintained by the unit for at least 45 days after the activity. Temperature should be taken at home.
- ◆ Scouts should travel to/from the venue with their own parents or guardians; family groups should not mix.
- ◆ Medically 'at-risk' persons should not participate in activities nor provide transportation.
- ◆ Units should minimize late arrivals and early departures.
- ◆ Scout units should have permission slips or electronic approval for each youth in attendance.
- ◆ Scout units should maintain a current Annual Health and Medical Record, 680-001 (2019 version) for all youth and adults participating in the unit.

PACKING IN – PACKING OUT

- ◆ Participants should be prepared to carry their own personnel gear and limit the gear carried to strictly that patrol/den. Participants should use work gloves when moving shared gear.
- ◆ Do not expect carts to be available since they must be disinfected each time a person uses them. If carts are available, it is recommended that cart users wear work gloves when handling carts and then wash or disinfect hands immediately after.

RECOMMENDED GEAR, ABOVE AND BEYOND TYPICAL SCOUTING EQUIPMENT

- ◆ Non-contact thermometer
- ◆ Clean and dry face coverings and spares for each participant (participants should also bring their own)
- ◆ Sanitation wipes or hand sanitizer with each participant
- ◆ Readily accessible personal protective equipment (gloves, masks, disinfectant, etc.). Estimated 4-6 pairs of gloves per person of different sizes (used for handling trash pick-up, clean up, carrying gear, etc.)
- ◆ Extra trash bags for used wipes and gloves
- ◆ Water containers/basins to use exclusively for frequent hand washing with soap and water.

COOKING/MEAL PLANNING

- ◆ Each participant should maintain their own utensils and mess kit (use disposable if unable to manage). Mess kits and utensils should not be shared.
- ◆ Participants should follow social distancing guidelines while eating.
- ◆ It is recommended that one Scout/adult 'own' the drinking/cooking water container operation for the entire event. No

other person should touch it. If it is necessary to change the individual, items must be disinfected.

- ◆ It is recommended that one Scout/adult 'own' the entire patrol box operation including cooking and serving food to others (recommend removing plates, bowls, cups and eating utensils). No other person is to touch anything in the patrol box. If it is necessary to change the individual, items must be [disinfected](#).
- ◆ Remove dish towels from the patrol box and use mesh bag method for all patrol box contents to disinfect and hang dry.
- ◆ Each participant should bring their own camp chair with their name on it. Camp chairs should not be shared.

CAMPFIRES AND PROGRAMS

- ◆ Each participant should bring their own camp chair with their name on it since there is usually limited space around campfires.
- ◆ Avoid close contact acting for skits
- ◆ Based on the known risks of the spread of germs, singing or cheers are not recommended at campfires unless both social distancing can be observed, and face coverings are worn.

AXE YARD

- ◆ The handles of all wood tools must be disinfected after each use by an individual. It is strongly recommended that everyone bring and use their own work gloves to do any work in the axe yard.

INCLEMENT WEATHER

- ◆ Under severe weather conditions participants may need to occupy pavilions, porches, or buildings. Face coverings should be worn in those instances. After the extreme weather condition has passed, everyone should return to current safe distancing guidelines.

ILLNESS WHILE IN CAMP

- ◆ Persons feeling ill during an activity shall be immediately isolated by the group leader and returned home as soon as possible. If the symptoms fall within the affirmative criteria for COVID-19 as described in the BSA Model Pre-Event Medical Screening Checklist, ALL unit/group activities must stop, all participants must wash hands and the group activity must terminate. As soon as possible, the group must depart the camp.
- ◆ Units must check-out with campmaster.

AT THE END OF YOUR STAY

- ◆ All trash should be considered contaminated; participants should wear disposable gloves whenever handling trash.
- ◆ Units must check-out by a District Staff.
- ◆ Everyone must wash their hands prior to getting into vehicles to head home.

PLANNING ACTIVITIES AS PER COUNCIL GUIDELINES -- GAMES/SKILLS/COMPETITION

- ◆ Many games require close contact. These activities should be minimized; however, the use of face coverings and work/game gloves will help reduce risk. Games using a ball or frisbee by multiple individuals risk the transfer of germs among the players; these games should be watched carefully, and all participants must wash or disinfect hands frequently before, during and after play.

This is just a summary of the guidelines please read all at www.ctyankee.org/tag/coronavirus/.
