Camping

Administration

Connie Hemphill Chair

- Units may arrive after 4:00 pm on Friday. Only the south entrance to the site will be open for traffic. All vehicles, except for the one designated drop-off vehicle, will drive directly to the parking area. Units are not allowed to proceed to their designated campsite until their unit leader checks in.
- Campsites: The Administrative staff will assign the campsites. Sites will be assigned according to the unit's district and number of participants registered for the event as of April 25. Unit leaders are to camp in the unit's 30'x30' area. Larger registered units may be assigned an oversized or double site. Tentative campsite assignments will be made starting May 1.
- **NO VEHICLE** may park in the camping area and **NO TRAILERS** are allowed to be unhitched and left at the campsite. All gear must be kept within the designated campsite boundaries. Vehicles with trailers must proceed to the designated trailer parking area after unloading.

More Administration Information

Volunteers Needed: As with any scouting event, the more hands, the easier the load. Units are requested to designate two adult unit members as program volunteers to assist the event staff for a portion of the weekend. If possible, units should provide contact information for their volunteers in advance. All volunteers should check in at the ConnJam Commissioner tent located near the food service area.

COVID-19: At this time, the Council policy is that use of masks is optional. Camping guidelines will be released on April 15 when more is known about the state of COVID-19 and any restrictions the town or state might have. This is all subject to change.

Commissioner Service: CONNJAM Commissioner David Zeh is organizing an active Commissioner Staff. Commissioners will oversee the camping areas and be on hand to assist units throughout the weekend. A Commissioner Challenge for unit leaders is in the works.
