

## Welcome to Webelos Adventure Camp!

Thank you for signing up to join us for three days at Camp Sequassen enjoying the outdoors and all the best program we can offer for you and your Scout. All of the general safety, preparation and medical information for attending Camp Sequassen can be found in the Leader's Guide for Scouts BSA Resident Camp at the link below, and the information enclosed in this addendum outlines the program details during the **August 7-10 2022**, Webelos Adventure Camp. Please review both sets of information to prepare for your arrival at camp.

If you have additional questions, please contact the Webelos Adventure Camp Director, Andrea Ulery at [arulery@gmail.com](mailto:arulery@gmail.com)

### Webelos Participation Ratios

Webelos is a great age to start attending resident camp, with or without a parent. We strongly encourage a 1:1 ratio of parent to Scout ratio to enjoy your time at camp, but a den or pack can attend Webelos camp as group as long as they maintain a minimum of 5:1 Scout to Adult ratio, plus a second adult to meet Youth Protection guidelines. A table to help describe what this looks like is below.

Number of Scouts	Minimum Number of Adults
5	2
10	2
15	3

If you choose to attend as a den or pack, please designate a singular leader to manage the roster, health forms and interface with the Camp Director and Commissioner during your camp stay.

### Check In

Upon your arrival at Camp Sequassen, 791 West Hill Road, New Hartford, CT for check in on Sunday, you will be directed to a Webelos Adventure Camp station for the non-medical related portions of check in. We will confirm your campsite location, finalize any payments, provide any necessary materials, and get you directed to your campsite.

If medical forms are provided in advance and cleared by the medical officer, you may be able to reduce your check in time. Medical forms requiring additional clarification, completion of missing information or the check in of medications will require a visit to the medical officer during check in. All medications, including Over The Counter must be handled through the medical officer.

Please read the guidance provided in the Leader's Guide to understand what the camp can provide and what documentation is required for prescription medication being brought to camp.

## **Accommodations**

The Webelos campers will be staying in one of two campsites in South Sequassen: Aquila and Polaris. Both campsites are comprised of two person canvas wall tents that include cots. You will need to pack the gear outlined in the Leader's guide including, but not limited to, sleeping bag and bug netting.

There are leader's Lean Tos (a three sided wooden structure) in each camp site than can be used for the adults based upon the group arrangements.

Tents will be assigned to an adult/Scout combination for those signing up at the 1:1 ratio, and packs/dens can assign their own participants as long as they meet youth protection guidelines.

You will be in a campsite with families other than your own, which is a great opportunity to meet other Scouts and adults!

These campsites are conveniently located close to the South Showerhouse, and each campsite has a latrine that will be stocked with toilet paper, paper towels and hand soap. The new shower house is located further into south Camp Sequassen and has flush toilets.

## **Meals**

All meals except lunch on Sunday August 7 will be provided for you in the dining hall. You will eat with the Scouts and adults from your campsite. The menu is prepared by our catering service, which has been preparing food for Camp Sequassen for over 20 years.

If dietary accommodations are required, they need to be submitted a minimum of two weeks in advance of your arrival. Minimal accommodations of food storage for your personal items related to dietary restrictions can be provided in the kitchen; space is very limited.

## **Health Forms**

All participants are required to complete a physician signed health form and participation release, no exceptions. The instructions and forms can be found in the Leader's Guide link and on the Connecticut Yankee Council website.

## **Swim Evaluation**

All participants who wish to swim are required to complete the annual swim evaluation. We are happy to conduct this evaluation upon your arrival at camp on Sunday August 7 during your orientation. We can accommodate all levels of swimming ability, this evaluation ensures that we provide the safest swimming experience for both Scouts and adults.

## **Shooting Sports**

Archery and BB gun shooting will be offered during Webelos camp and all participants are required to follow the Range Safety Officer and Instructor guidance or participants will be asked to leave the range.

## Fishing

Fishing is a great camp pastime and is always available. You are welcome to bring your own pole and tackle and fish in designated fishing areas.

## Schedule

The Webelos Adventure Camp program schedule is below, but is subject to change based upon weather, participation levels or other extenuating circumstances. We have a great staff lined up in all the program areas to ensure you and your Scout have a great time during your stay.

<b>Webelos Resident Short Term Camp Schedule 2022</b>
