- Scouts will build a shelter, then it will be tested for size, strength and survivability.

### **Station 3 Thawed (Fire Building)**

- Scouts will pick a character from the scenario given and based on who they chose determines what fire source they will be provided to ignite their fire.

### **Station 4 Kat A Pult (Lashings)**

- Scouts will construct a small catapult and launch a tennis ball. Materials for the catapult will be supplied.

### **Station 5 Clue (Team Building)**

### **Station 6 Dimensional Madness (Tomahawks)**

- Scouts will throw tomahawks at various interdimensional creatures for points.

## Introduction

The Camporee will consist of a series of movie themed activities for each Patrol to complete. At each station, the patrol will be judged & awarded points based on how well they perform the assigned task which will also include aspects of leadership, teamwork, and Scout Spirit.

While Adult Leaders may accompany each team, adults are **NOT** to assist Scouts while at any station. **Points will be deducted for adult involvement and assistance with Scouts while completing various events.**

## Location of stations

Each patrol will be given a map upon registration and will be notified of their morning starting point and their afternoon starting point. Most of the camporee will take part in South Hoyt but Patrols will need to hike to North Hoyt to participate in either the morning or afternoon session.

## Lunch

During lunch, patrols will return to their campsite to eat and regroup for the afternoon events.

## WEATHER

Please make sure the scouts are prepared for fall weather in the northeast. Rain gear (raincoat, poncho, etc.) should be readily available.

A severe weather plan will be outlined at the SPL meeting on Friday night and at the Saturday opening ceremony.

In the event of severe weather, each patrol or troop will be expected to execute the severe weather plan.

## Camping

Units will be assigned an area for camping or cooking if coming only for Saturday. Check-in upon arrival on Friday at the Jackson pavilion (closest to the parking lot). Camping locations will be assigned ahead of time and communicated to units who register early, ahead of the weekend. There is plenty of space for troops at Hoyt and all assignments will be made by camporee leadership.
